Subject: Comments on Electoral Amendment Bill [B22-2013]

Good day

As organization dealing with the disabled issues in the District of John Taolo Gaetsewe (Northern Cape Province) with the name of Kgalagadi people with Disabilities hereby submit written comments on the Electoral Amendment Bill [B22-2013]:-

- Looking at deep rural places in our district is it not possible to come up with the programme whereby they visit this rural places with some of members of the said organization for identification inorder to create database in checking people with disabilities who are using braille as they are most neglected and they are many of them in our district not registered according to our database as organization and are eager to vote in upcoming election. In addition to this some of them the worse thing they dont have through our research done in our district.

- We hereby want to add this on the amendment that parents nor families who hide people with disabilities during registration and election time cause of negligence in our area be prosecuted as we have realized in the past election.

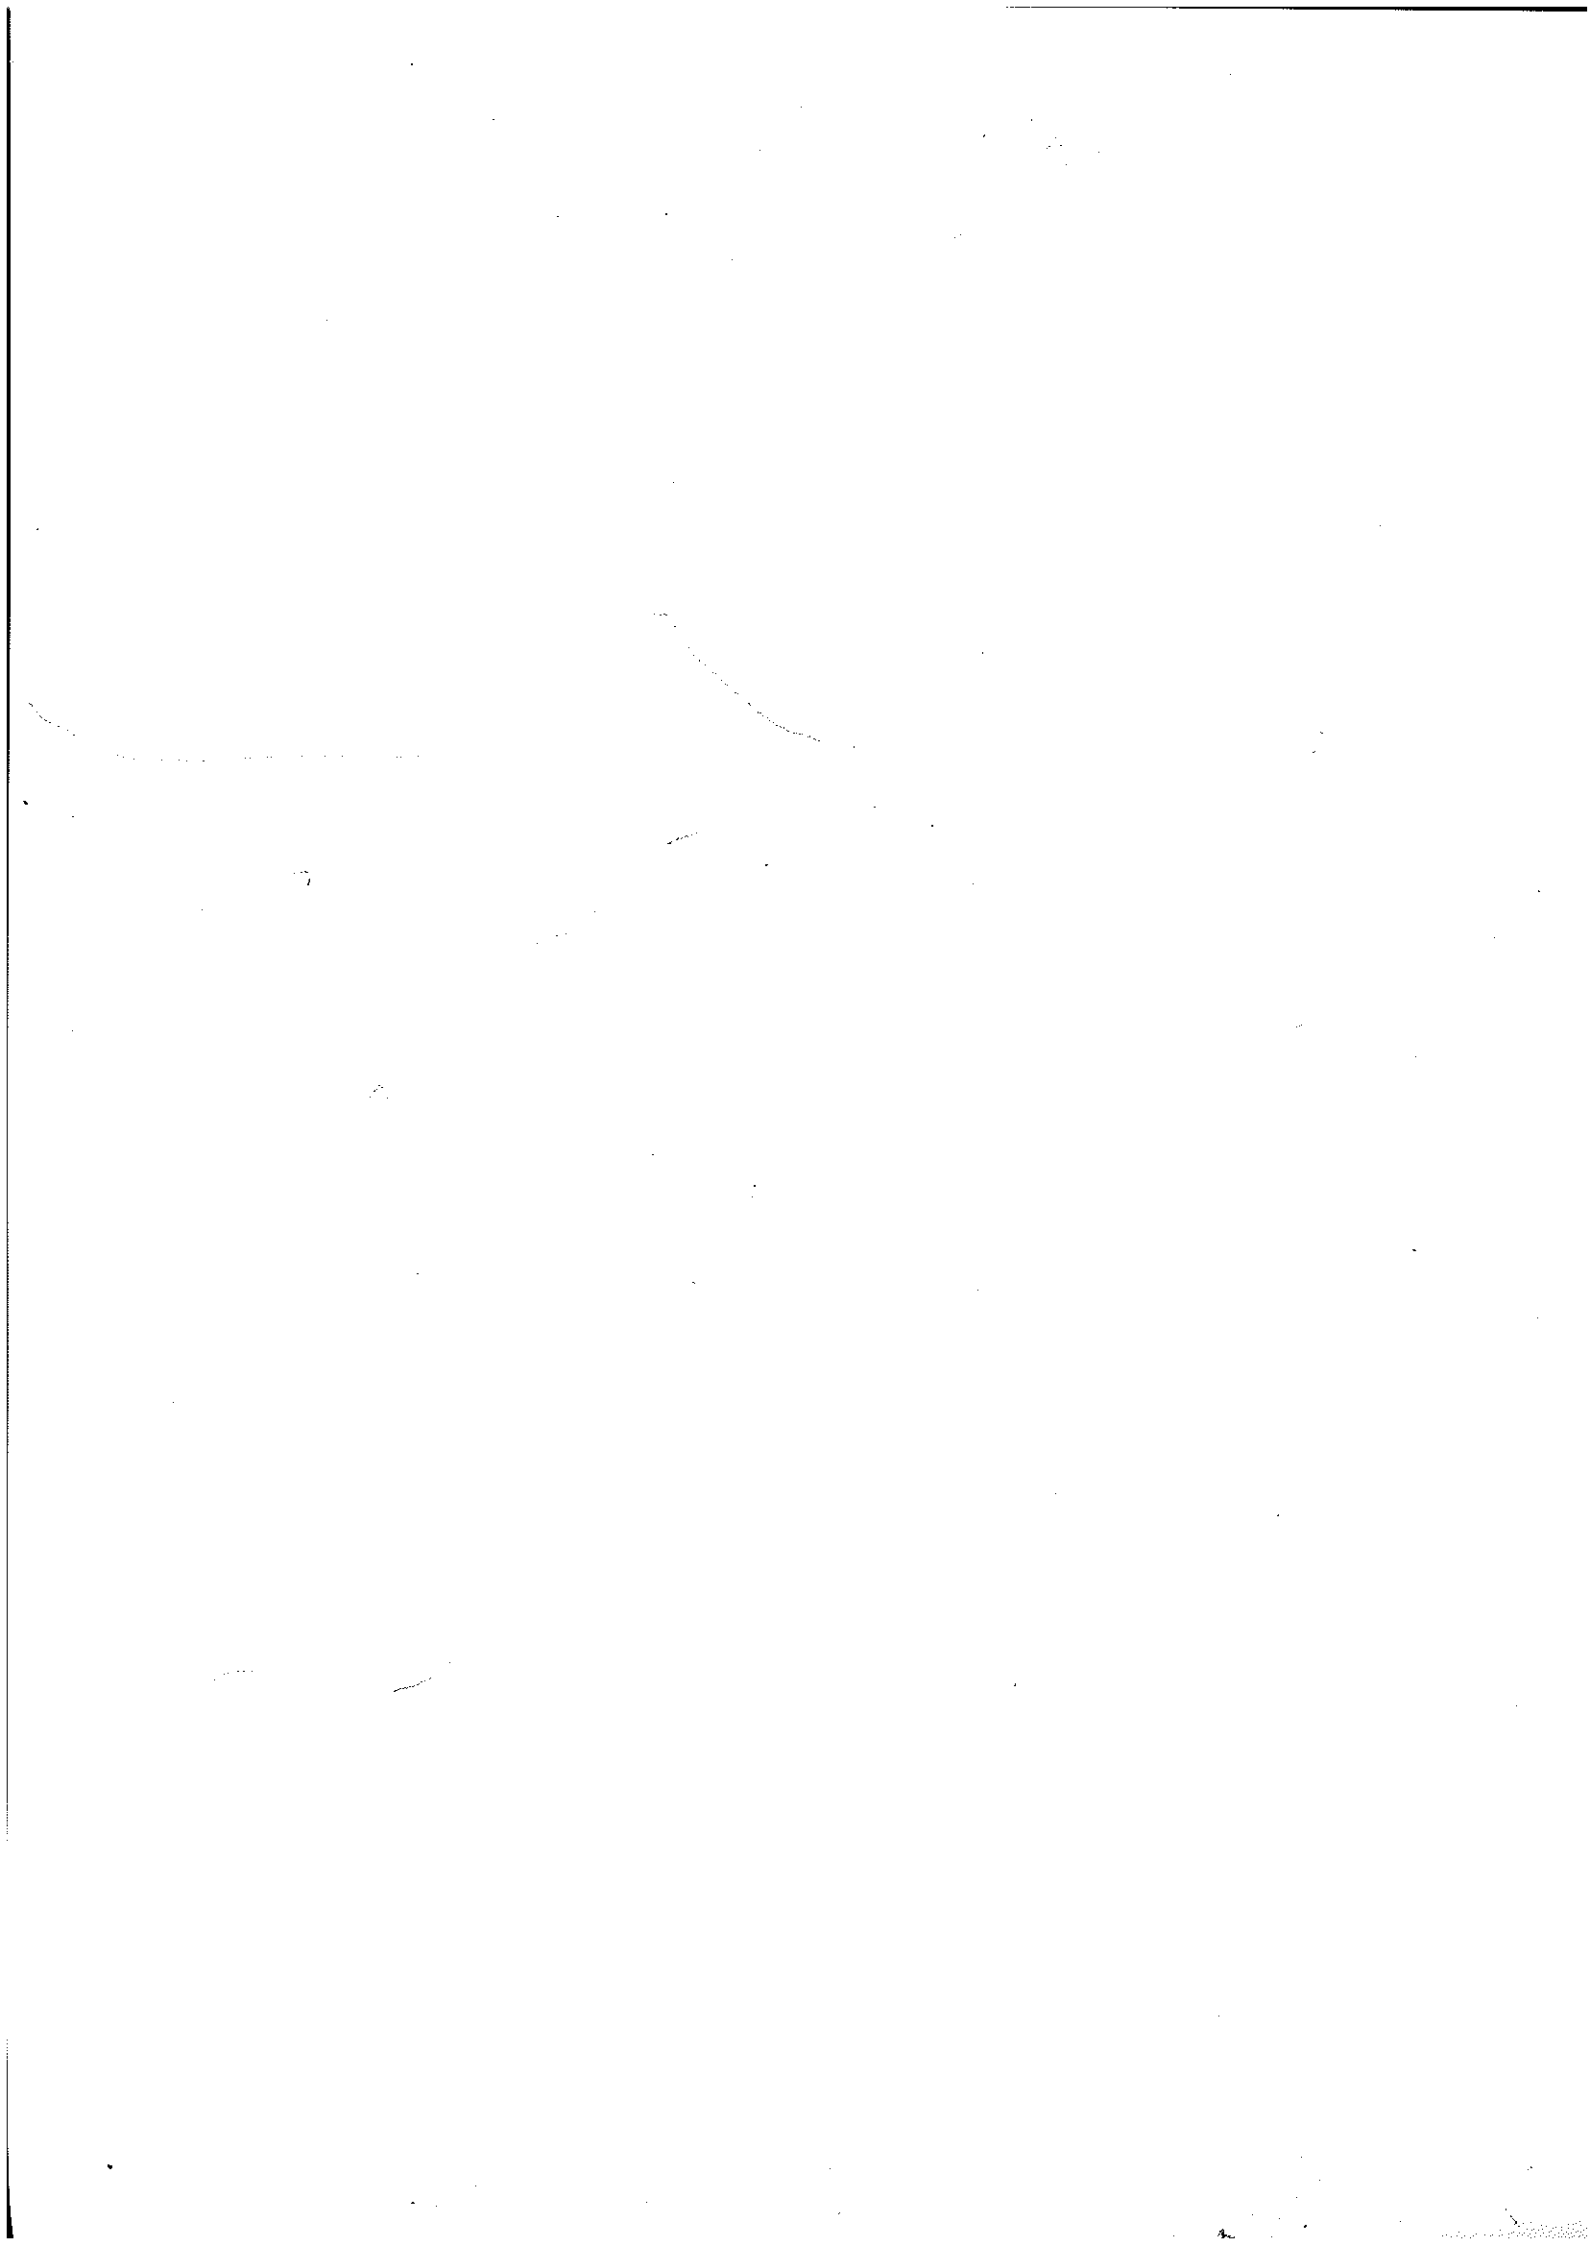

Hoping that you will find this inorder.

Kinds Regards

Itumeleng Mmusi
