Substitution of word in Act 9 of 1989

- 10.** The principal Act is hereby amended—
- (a) by the substitution for the word “Company”, wherever it occurs in section 7, of the expression “Company and the Corporation”; and
 - (b) by the substitution for the word “Company”, wherever it occurs in section 14(1), excluding section 14(1)(a)(iii), and items 5 to 9 and 12 of Schedule 1, of the expression “Company or the Corporation, as the case may be,”.

Short title and commencement

11. This Act is called the Legal Succession to the South African Transport Services Amendment Act, 2008, and comes into operation on a date fixed by the President by proclamation in the *Gazette*.

**MEMORANDUM ON THE OBJECTS OF THE LEGAL
SUCCESSION TO THE SOUTH AFRICAN TRANSPORT SERVICES
AMENDMENT BILL, 2008**

1. BACKGROUND

- 1.1 In December 2004, Cabinet approved that urgent action should be taken to improve the efficiency of the passenger rail services in the country and authorised the consolidation of the South African Rail Commuter Corporation (the SARCC), its commuter services operator, Metrorail, and the long-distance operator, Shosholozza Meyl. Cabinet further directed that the consolidation of the passenger rail entities should be executed in two phases. The first phase that has been concluded on 1 May 2006 entailed the consolidation of Metrorail within the SARCC and the second phase, which is planned for conclusion by March 2007, entails incorporating the assets, finances and personnel of Shosholozza Meyl within the SARCC.
- 1.2 Transnet Ltd (Transnet) is a public company with the State as sole shareholder. Currently it provides, amongst other, transport services, rail passenger and freight services in South Africa. Metrorail and Shosholozza Meyl have been, and in the latter case continued to be, business units of Transnet without separate legal personality. Previously, Transnet and Metrorail provided rail commuter services in urban centres in terms of a Rail Commuter Services Agreement entered into on 28 August 2000 between Transnet and the SARCC, a legal entity established in terms of section 22 of the Legal Succession to the South African Transport Services Act, 1989 (Act No. 9 of 1989) (the Act). Shosholozza Meyl currently provides long-haul rail passenger services.
- 1.3 On 26 December 2005, Transnet entered into an agreement of sale with the SARCC in respect of the business of Metrorail. In terms of the agreement, the SARCC took over the management and operational control of Metrorail's business, which included risk and reward in respect of rail commuter services provided by Metrorail. Effective the same day, the Services Agreement in respect of Metrorail's business was cancelled. On 1 May 2006, ownership in respect of all assets and liabilities of the business passed to the SARCC. The effect of this agreement is that from merely being obliged to ensure that Transnet provided rail commuter services, the SARCC now provides rail commuter services directly to the public.
- 1.4 Except for urban rail commuter services, Transnet continued to run the business of the former South African Transport Services (SATS), including long-distance rail passenger services i.e. Shosholozza Meyl. In terms of the Cabinet direction, referred to in paragraph 1.1, Transnet and the SARCC now wish to enter into an agreement of sale in respect of Shosholozza Meyl. In order to ensure that the provision of rail commuter services and long-haul passenger services remains legally unassailable, certain amendments to the Act are necessary.

2. DISCUSSION

- 2.1.1 The definition of "Corporation" is amended by the substitution for the name "South African Rail Commuter Corporation Limited" of the name "Passenger Rail Agency of South Africa". The purpose of the amendment is to reflect the new role of the Corporation.
- 2.1.2 The definition of "local government body" is deleted as it is not used in the Act anymore.
- 2.1.3 The definition of "Transport Authority" is amended in order to add and distinguish transport authorities as dealt with in the National Land Transport Transition Act, 2000 (Act No. 22 of 2000).

- 2.2 The proposed amendment to section 22 of the Act changes the name of the South African Rail Commuter Corporation Limited to “Passenger Rail Agency of South Africa”.
- 2.3 The purpose of the amendment of section 23 of the Act is to add the powers of the Corporation and to remove the restriction that was placed on the Corporation by the Act.
- 2.3.1 It is proposed that the objects of the corporation will be to, in consultation with the Department of Transport, provide for passenger rail and for bus services within, to and from the Republic in terms of the principles set out in section 4 of the National Land Transport Transition Act, 2000 (Act No. 22 of 2000).
- 2.3.2 Some of the powers will be the capacity to enter into contracts and perform other legal acts, to borrow money, lend or invest money, to form companies and to acquire an interest therein and to finance them for the purposes of realising or advancing its objects and to transfer all or any portion of its business, assets and liabilities to such companies.
- 2.4 The amendment proposed to section 24 of the Act seeks to replace the expression “Association of Regional Service Councils” with a reference to the South African Local Government Association.
- 2.5 The Bill also seeks to insert a new section 25A into the Act. The new subsection seeks to identify and transfer certain assets owned by Transnet to the Corporation.

3. CONSULTATION

The general public was consulted through the publication of the Bill in *Government Gazette* No. 30344 of 2 October 2007. Comments were received and were incorporated in the Bill.

4. FINANCIAL IMPLICATIONS FOR STATE

4.1 SHOSHOLOZA MEYL

The findings of an extensive due diligence report that was concluded in November 2007, showed that the operational deficit for the 2006/07 financial year was R735m. The Business and Consolidation implementation Plan that was concluded in May 2008 projected the short-term capital funding requirement for 2008/09 at R422m. National Treasury only allocated R500m, R450m and R400m operational subsidy for the 2008/09 to 2010/11 MTEF-budget cycle. The balance of the funding will be motivated in alignment with the Business and Consolidation Implementation Plan for long-distance passenger rail services, during the 2009/10 MTEF-budget cycle. The Business Plan sets the shortfall as follows:

- | | |
|-------------------------------|-----------------|
| ● 08/09 – Operational – R735m | Capital – R442m |
| ● 09/10 – Operational – R845m | Capital – R892m |
| ● 10/11 – Operational – R784m | Capital – R634m |

4.2 AUTOPAX

In January 2008 the due diligence, business valuation and the draft Business Plan were completed. They key issues raised in these reports are as follows:

- Transnet currently extends a line of credit to Autopax of R110 million. Autopax creditors are all current and other than the Transnet facility there is no outstanding liability of any significance.
- The net-asset-value of the company is R25 million subject to pension, leave pay and medical liabilities.

- The Business Plan projects an operating deficit for the next three financial years. The deficit is projected as follows:

– 08/09 – Operational – R54 m	Capital – R117m
– 09/10 – Operational – R79m	Capital – R69m
– 10/11 – Operational – R119m	Capital – R76m

The funding requirement will be motivated in alignment with the Business Plan for long distance passenger road services, during the 2009/10 MTEF-budget cycle.

5. PARLIAMENTARY PROCEDURE

- 5.1 The State Law Advisers and the Department of Transport are of the opinion that this Bill must be dealt with in accordance with the procedure established by section 75 of the Constitution since it contains no provision to which the procedure set out in section 74 or 76 of the Constitution applies.
- 5.2 The State Law Advisers are of the opinion that it is not necessary to refer this Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003), since it does not contain provisions pertaining to customary law or customs of traditional communities.
